A NIGHTMARE

Gives point to the fact that excessive or irregular eating disturbs the digestion. Nightmare or night hag has its day time correspondence in the undue fullness after eating, with the belchings and sour or bitter rising so often experienced after too hasty or too hearty eating.

Dr. Pierce's Golden Medical Discovery cures dyspepsia or bad stomach. When the weak stomach is strengthened and invigorated the whole body shares in the increased strength derived from food properly digested and perfectly assimilated.

"I was a victim of sleeplessness and extreme nervousness induced by chronic indigestion and I felt heavy, tired and worn out continually," writes Miss Mary Smith, of 1613 So. Wabash Street, Colorado Springs, Colo. "Dr. Pierce's Golden Medical Discovery was the only medicine which relieved me. Within a week after I began using it that heavy oppressed feeling after meals had left me, and I found that I was able to sleep better than for months previously. My appetite was gradually restored, general system was toned up, nervousness became a thing of the past and I have now been in splendid health for over nine months."

Sometimes a selfish dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It may be better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

1000-page Doctor Book sent free on receipt of 21 one-cent stamps to cover postage only; 31 stamps for cloth-bound copy. Formerly sold for $1.50 to extent of over 500,000 copies. Every family should possess a copy for ready reference in case of sudden illness or accident. It is illustrated with hundreds of wood-cuts and several colored plates. Address Dr. R. V. Pierce, Buffalo, N. Y.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

KILLED BY LIGHTNING.

A series of thunderstorms of terrific violence swept over greater New York yesterday. Lightning struck in many places and a number of people were killed by the bolts.

At Coney Island a particularly heavy bolt descended in the midst of scores of bathers and sightseers, and the victims numbered nearly twoscore. Five people were killed outright and 28 were injured, all of them being knocked senseless. Eight of those rendered unconscious were seriously hurt and had to be removed to the hospital.

The storm struck Coney Island about 4:30 p. m. The clouds were so dense that it seemed as though darkness was about to fall. The lightning flashed incessantly, and there were terrific peals of thunder.

The day had been pleasant up to early in the afternoon and large crowds were disporting themselves in the surf or watching the bathers. The boardwalk was crowded, and when the rain began to descend there was a quick rush to shelter. A large number of bathers and spectators were driven under the boardwalk in front of the Parkway baths. The walk at this point is about eight feet high.

Several people were under the walk, clustered about or near a large flagpole, which goes through the Boardwalk and has about six feet of its base in the sand. The bolt of lightning struck the top of the pole, shattering it and, going down, seemed to burst with a terrific report right in the midst of the people under the Boardwalk. They were hurled in every direction or prostrated where they stood. Five were killed instantly and 28 were injured, eight of the latter being severely shocked and burned.

Twenty others were rendered unconscious, but they soon revived and were able to proceed to their homes. The spot where the bolt struck looked like a battlefield. The dead and injured, still and white, or gasping and twitching, lay scattered in every direction, while those who were uninjured were shouting and screaming hysterically. The rain was descending in torrents and the lightning and thunder kept up their flash and roar, adding to the terrors of the scene.

While the storm was at the worst, immediately after the five persons were killed, many of the women dropped to their knees and began to pray. The men were almost as badly frightened as the women, and many, with their families, started on the run for the Brighton Beach Hotel in a rain that drenched them to the skin in the first 10 feet. It was at least an hour before the crowd had become calmed so that persons could start for their homes and many of the women had to be carried to the cars.

The tragedy seemed to strike terror to all the people along the beach, the news of it spreading with great rapidity, and in an almost incredibly short time the beach was deserted.

When the bolt struck the flagpole it cut the halyards holding an immense American flag. The flag dropped to the crosstrees of the flagpole and hung there, seemingly at halfmast over the scene of death.

At the same time the tragedy was enacted at Coney Island a bolt struck a cedar tree at Forty-ninth street and Harway avenue, Gravesend Beach, a short distance from Coney Island. Many people had taken shelter from the rain under it. The bolt struck and killed Henry Ralzaidell. His son, William, 13 years old; David McCauley and John Appel were severely shocked.

Lightning struck at various points in New York city. A store in Flushing avenue, Brooklyn, was burned and a car in Sixth avenue, Manhattan, was set on fire, but the occupants escaped unhurt. The electric light and the telephone wires in Bellevue Hospital were struck several times, extinguishing all the lights and causing much alarm among the patients.

Reservoirs Burst.

Loss of life and immense damage to property followed the bursting of reservoirs north of Bridgeport, Conn., as a result of the unprecedented fall of rain early yesterday. The precipitation in Connecticut Saturday night and yesterday morning reached a total of seven inches. The dam at Ward's Mill and Easton went out at 2 o'clock this morning, sending a great body of water down through the town of Trumbull. In a short time the dam at the paper mill reservoir broke. There was no warning to the people who lived on the banks of what is usually a small watercourse. The house occupied by John Lesco, his wife and several children was picked up by the flood and carried a mile below. The Lesco family were asleep at the time, and were rescued after a perilous journey. A house occupied by Michael Moran was hurled against the Berkshire bridge and smashed to kindling wood, and it is believed that Moran was drowned. Police and firemen went to the rescue and saved several lives.

Beaten by Preachers.

Rev. A. W. Gehres and Rev. W. K. Richardson, well-known ministers of Voedersburg, Ind., started out Saturday night to see if the law is being obeyed by the saloons. In order to get a good point of observation they hid themselves in an empty box car. They were seen in the car and recognized by friends of saloon men.

When they started home, after having taken observations for a couple of hours, they were followed along the railroad. Near the Wabash Clay Works the two ministers were accosted by the men following them and questioned regarding their presence in the car. The men, whom the ministers recognized as saloonkeepers, became abusive and the ministers were drawn into an altercation which they tried to avoid.

Emboldened, the two men attacked the ministers. The Rev. Mr. Gehres waded into the man who attacked him and whipped him. Rev. Mr. Richardson, who is much smaller, managed to hold his assailant till Rev. Mr. Gehres' antagonist had fled. Both of the ministers then turned on the second man, and were giving him a drubbing when he pleaded for mercy and was released.

A Long Walk.

A dispatch from York, Pa., says Mr. and Mrs. Samuel MacShifflet, who but a few weeks ago were well-to-do farm tenants in Rockingham county, Va., are now walking from York, Pa., to their former Virginia home, a distance of several hundred miles.

MacSchifflet, misled by a newspaper account of the great prosperity prevailing in York and scarcity of labor there, came to York recently.

On the train to York MacShifflet lost his pocketbook containing all the money he had, $70. The pair arrived there stranded, and spent the night at police headquarters.

Just before starting, MacShifflet said: "We are now going back to our home in Rockingham county, and we expect to make every mile of the trip on foot, because we will not beg or call upon charities to help us. Virginia people are too proud to beg, generally.

"I think we can get enough to eat by working for the farmers along the way. I only hope my wife can stand the trip. She is not strong, and the fatigue may be too much for her."

Sickening Shivering Fits

AND VIRGINIA ADVERTISER

MONDAY EVENING, JULY 31, 1905.

APPARENTLY there is no end to the scandals in the Department of Agriculture, and every time the probe is applied a new lead is struck. It now develops that others in the department are involved, besides former Associate Statistician John Hyde, who will be prosecuted for offering a bribe to another employe in the department for tampering with the cotton report, as well as for conspiracy in connection with the sale of advance information to cotton gamblers. The cat was let out of the bag Saturday by U. S. District Attorney Beach in the United States Criminal Court in Washington when Moses Haas, the go-between in the sale of advance information from the cotton reports, was cited to show why he should not be sent to jail for contempt for refusing to answer questions propounded by the grand jury in the cotton case. The statement of the District Attorney came as a complete surprise, as it indicates there is no end to the scandal, and that other employes in the department will be involved. To whom the bribe was offered, how much money was paid and how many persons are involved was not disclosed by the District Attorney, and when questioned on these points he declined to furnish any information, on the ground that to do so would weaken the hand of the government. Several indictments will be found by the grand jury against employes in the department and Saturday's developments indicate there will be a general shaking up in the department, and that a number of employes will be indicted by the grand jury and prosecuted criminally.

WHILE this section was basking in serenity yesterday the elements were active in other localities. Some places were deluged with rain and in one instance a house was washed away with its inmates and there is reason to believe all perished. Picnickers were scattered by high winds and torrential rains and much damage reported with loss of life in some cases. The most serious disaster incident to summer storms occurred at Coney Island, where thousands of New Yorkers had gone to escape the heat of the city and enjoy the ocean breezes. In the midst of all the gaiety the heavens became as black as sackcloth and one of Jove's bolts killed five persons outright and stunned and injured many others. The northerly winds of today, which have lowered the temperature, are the echoes of yesterday's convulsions, and while they have brought relief from the heat, they are also swaying the crape from half a dozen homes where loved ones who have suffered electrocution from the storm cloud lie stark and stiff in death. A dispatch from Vienna says that three hundred houses were destroyed by lightning in a Hungarian village today, and that the inhabitants are now without roofs over their heads and suffering for the necessaries of life.

GOVERNOR MONTAGUE spoke at Staunton Saturday and the press dispatches from there have this to say of his speech:

Mr. Montague's address was along the lines laid down by him in the beginning of his present campaign. Mr. Martin, he said, had never accomplished anything in Washington but what any man of ordinary intelligence could have done. The record was public property, and he had failed to find something to the contrary. Mr. Montague's references to the machine, which, he asserted, was behind Mr. Martin's candidacy, were very severe. Incidentally, he attacked Joe Button, secretary of the State committee, who is active in the management of the junior Senator's campaign. If elected, he should go to the Senate a free man, without the incumbrance of a machine, and it it was the best for Virginia to serve his enemies before his own friends, he would not hesitate do so.

Such speeches are not a credit to a Governor of Virginia.

RICHMOND is getting real good. Not only are the people of that city clamoring for a fair primary (after just having had a most corrupt one), but now a cruisade has been inaugurated to stop the sale of impure liquor there. Twelve saloonkeepers have already been reported, and the United States government will shortly begin proceedings against them. But they always did sell mean whisky in Richmond and it has been said by those who live in other parts of the State that not many Richmond people know good whisky from bad.

THE QUARTERLY report of the United States Steel Corporation published last week showed net earnings of $30,305,116, as compared with $28,125,896 for the preceding quarter. This is one of the infant industries that needs protection!

MR. WILSON, the Secretary of Agriculture, protests that he will not resign. Well, hardly; but if the Southern Cotton Association, which unearthed the rascality in the department has its way, he will be "fired."

A riot between Americans and Italians occurred at Giatto, W. Va., today. Three were killed and three injured some of whom will die.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., July 31.

The State Department has received a mail report from Vice Consul Wm. Hossett, at Kingston, Jamaica, regarding the arrest there of Dr. Franklin Clark, of Boston, on the charge of taking photographs of the military fortifications at Port Royal. Consul Hossett writes under date of July 19 and says that the arrest took place on the previous Monday. Dr. Clark is now in jail awaiting preliminary investigation. He is unable to obtain bail, which was fixed at $2,000. Consul Hossett says that he wrote to the prisoner's father, E. W. Clark, at 7 Congress street, Boston, but up to the date of writing had received no reply. He says that he is doing all that he can to investigate the facts and expresses the opinion that it is clearly the case of an indiscretion committed in ignorance of the local laws. He hopes to convince the military authorities of this fact and to speedily secure Dr. Clark's release. Dr. Clark is a young man of 26, a graduate of Harvard, who was travelling in the West Indies on his vacation.

Mr. McReynolds will give careful attention to the records presented with a view to deciding what further steps, if any, shall be taken.

Auditor J. J. McCardy of the Postoffice Department will again emphasize in his annual report the desirability of reducing the life of a postal money order. Despite the eternal vigilance of the department, a gang of counterfeiters in the east has repeatedly raised orders after their issue but before their payment. As the crime cannot with certainty be detected until the paying office audits its books with the Postoffice Department, Auditor McCardy would shorten the time during which a money order is good. At present it must be paid if presented within a year of the date of issue. The auditor would reduce the time to three months.

Proceedings were begun this morning in the District Supreme Court by the Columbia Scientific Academy, of New York city, against Postmaster General Cortelyou to compel him to rescind a fraud order directed against that concern. Rev. Newberry O. Halstead, superintendent of the St. John's Homeland, at Northport, Long Island, who left his post under circumstances that gave rise to some alarm, and who was subsequently located in this city, has returned to his post at Northport. He arrived in Washington, Thursday and visited his sister, Mrs. Ellis Platt, The explanation is offered that Rev. Halstead suffered a sunstroke in New York and that if his actions were believed to have been unusual they must be a tributed to that fact. Must Elect City Committee.

State Chairman J. Taylor Ellyson having been asked from different parts of the State as to whether under the party law members of county and city committees should be chosen at the same time that members of the legislature are nominated in the coming primary on August 22d, has given his opinion. He says that the full spirit and intent of the party law is that committeemen shall be chosen at the same time that members of the legislature are nominated and that wherever nominations for the legislature are made on August 22 members of the city and county committees should be elected on that date to serve until members of the general assembly are again nominated two years hence.

Blew Up House to Die.

In a deliberate attempt to commit suicide Miss Eugene Moriarity, a seventeen-year-old girl, in Cincinnati, Saturday, blew up her home, but failed to end her life. She lighted a fuse to a five pound can of gunpowder in the dining room of the house and stood directly over the can when the powder went off. One side of the house was completely torn out, but the girl escaped practically unhurt. The terrific explosion tore her clothing almost to shreds, but only stunned her. Neighbors who rushed to the scene found her lying on the floor. A love affair, it is said, prompted the act.

Many lives were endangered and great damage to property was caused at Warren, Pa., Saturday night by a cloudburst. A number of dwellings were washed from their foundations, and the occupants were rescued with difficulty.

Murdered Two Children.

A most remarkable criminal trial ended yesterday morning at 2 o'clock at Valdosta, Ga., when the jury found J. G. Rawlings guilty of the murder of the two little children of W. L. Carter. During the week preceding Rawlings' conviction his three young sons, Milton, Jesse and Leonard, had been convicted of the same crime, as had been their negro accomplice, Alen Moore, who turned State's evidence. The conviction carries the death penalty, except in the case of young Leonard Rawlings whom the jury recommended to mercy.

The elder Rawlings and W. L. Carter are both retired Methodist preachers. After leaving the active ministry they took up homes near each other. Trouble soon arose and a feud developed. They were constantly haling one another in the courts. Rawlings, after being haled to court the last time, openly threatened to exterminate Carter's family. The two children were murdered in his effort to make the threat good.

On the night of the tragedy Rawlings and the boys surrounded Carter's home and made a noise, and the children came out and were killed. The Rawlings people remained about the house all night, trying to get the other members of Carter's family out, and finally they tried in vain to burn the house.

The father-in-law of Rawlings is wealthy and prominent. He says Rawlings may hang, but that he will spend his fortune to save his grandsons.

Negro in Her Bedroom.

Awakened by the sound of some one in her bedroom, Mrs. Bond, wife of C. H. Bond, an engineer on the ferry steamer Portsmouth, and residing in Brambleton, near Norfolk, put out her hand in the darkness, early yesterday and touched the head of a negro. She screamed, and the man leaping from his crouching position, beside the bed, seized her by the throat and choked her. The woman fought the assailant with the strength of desperation, and her screams aroused the neighbors. At the first sound of approaching footsteps the intruder fled through a window he had opened in effecting his entrance, and made his escape. The police made an investigation and found a basket of groceries, the basket bearing the name of a near-by grocer. The police immeadiately made a search for the porter of the grocery, whom they suspected, and at 2 o'clock this morning found Roland Baker, the man wanted, in the country. Baker is held for identification.

Not a Boy.

Advices from Salem, Ohio, state that it has been discovered that the younger of two supposed brothers who have been living at Ellsworth, near Salem, for several months, having gone from Virginia, turns out to be a girl. Last January they represented themselves to Judge Ewing, of Youngstown, to be John and Willie Kremer, aged seventeen and fifteen years, respectively; that they had been abandoned by their parents in Virginia, and had been forced by circumstances to shift for themselves. Later they went to Ellsworth and were employed at the home of Dr. A. L. Wagner. Recently the elder fell in love with a very pretty girl of the village, and instantly there was a protest from the younger. A few days ago they had a quarrel about the other girl, and the "younger brother" confessed that she was not a boy, and had eloped from a wealthy home in Virginia.

This change will not be contested, and Loudoun will thereafterwards select the floater member for the House of Delegates.

Criticises Governor Montague.

Senator Martin spoke at South Hill, Va., Saturday afternoon to a crowd of business men of that place and farmers of the adjacent country. South Hill is a new town and one of the thriftiest in Southside Virginia.

J. H. Ogburn, vice president of the Bank of South Hill, presided and E. C. Goode, Commonwealth's Attorney of the county, introduced the Senator.

Senator Martin, among other things, said, in reply to the Governor's statement that he was identified with a political machine, any political machine must be based on political patronage; that he had no patronage to dispense, while the Governor had appointments in every county in the State, all of the holders of which were actively engaged in doing the work of the Governor's campaign. He read and commented on the following extracts reported from the speech of the Governor delivered at Drake's Branch on the 22d instant:

"I believe the influences that put men in office will control them while they get in. He must be a bad man indeed, if he heeds not the wishes of men that put him there."

The Senator said he did not subscribe to any such political philosophy or any such code of morals, but that it was evident from what he saw going on in the counties and cities visited by him that the appointees of the Governor headed the wishes of him who put him there and constituted cogs in a political machine permeating the State with the Governor at Richmond turning the crank.

Today's Telegraphic News

Charges Against General Stoessel.

San Francisco, July 31.—Mail advices just received from Japan bear out the report circulated by the returning civil governor of Port Arthur that General Stoessel and officers surrendered the fortress in order to loot the large treasure, estimated at 30,000,000 roubles ($15,000,000). These reports are given credence by stories from Japan of the lavish expenditure of the Russian officers and many private soldiers when prisoners. There are nearly 70,000 of these prisoners, and recently a private soldier who attempted to escape had several thousand dollars in paper. Many officers must have small fortunes in their possession, judging by the way they buy luxuries. They order champagne, vodk and claret by the case, and buy liberally of all choice foreign case goods and of all delicacies and fruits. Some have ordered pianos and other costly musical instruments with which to while away the tedium. The story goes that this money came from the Port Arthur treasure, half of which was sent out in destroyers and reached Russia, but the remainder of which was divided among the garrison, only 2,000,000 roubles being found when the Japanese took possession of Port Arthur.

Alleged Confession.

New York, July 31.—Frederick L. Carlton, held in Raymond street jail on charges of grand larceny and the suspicion that he murdered two of his many wives, is said today to have confessed that he is a bigamist; that he has married four women; that he has traveled under several aliases, and that he is a deserter from the army.

Eleanor Vandeventer, the fiance of Frederick Carlton, the alleged Brooklyn Blue Beard, was arraigned this morning before Magistrate Tighe in Brooklyn on charges of complicity in the taking of obscene pictures. It is alleged that Miss Vandeventer posed in the nude and that Carlton afterward affixed the head of some other woman on the nude body and with the composite photograph blackmailed his victims of some of money. Miss Vandeventer was held in one thousand dollars bail for trial in the court of special sessions. Bail will be forthcoming tomorrow and Magistrate Tighs released the woman today she having been bailed out some few days ago when a bond of $500 was put up.

French and German Troubles.

Paris, July 31—The foreign office has sent to the French Ambassador at Berlin detailed instructions as to how to proceed in the settlement of the question which have arisen through the recent trouble which arose between the traders and guards of the German South-Cameroon Company and French Senegalese dealers on the French Congo frontier. A dispute as to whether certain territory is French or German led to fighting in which it has been reported several men were killed. Both governments are now endeavoring to get full information as to just what occurred with a view of straightening out the tangle which now exists. It has been learned from official circles that the last French note on the subject of Moroccan conference which was sent on July 20, has not given satisfaction at Berlin, where it is considered as not being explicit enough. Germany has asked that complimentary explanations be furnished. It is expected that the explanation desired by Germany will be forwarded to Berlin on Wednesday.

Want to Continue War.

St. Petersburg, July 31.—Reports received from the army in Manchuria show that while the peace plenipotentiaries are preparing to open negotiations which may result in bringing the war to a close, the Russian soldiers at the front are not relying on these efforts and are preparing to strike a blow which will demonstrate their ability to continue the strife indefinitely. An account has just reached here of a speech which was made to the soldiers by General Linevitch, the commander-in-chief, in which he said: "We must prepare a blow against the Japanese which will prove that Russia will be able to protract the war indefinitely in the event that unfavorable peace terms are offered by the Japanese. Let the plenipotentiaries discuss peace, but for us we must not think of it."

Picture Stolen.

Florence, Italy, July 31—The famous representation of the Coronation of the Madonna by Della Roba valued at $6,000, has been stolen from the Sanmanroisigna church, near here. A curate who was sleeping in a room behind the pulpit hear the robbers while they were in the church early in the morning and summoned the Vicar. They entered the church together, whereupon the thieves at once extinguished the lights by which they had been working. The priests rushed toward the thieves firing their revolvers at the men who fled. The The priests then ran to the belfrey of the church where they rang the bell vigorously, arosing the whole village. A posse was at once organized and started in pursuit of the thieves, but they made good their escape.

Rebels Defeated.

London, July 31.—The correspondent of the Star at Singapore, Straits Settlements, wires that the Dutch expedition sent out against the Prince of Boni, in the island of Celebes of the Malay Archipelago, has been entirely successful. On July 28 seven Dutch war ships bombarded the ramparts of Badju, the capital of Celebes, and later landed troops who charged the positions held by the natives. A fierce hand-to-hand fight followed and the rebels fled, leaving 256 dead on the field and in the fortress. The Dutch lost three killed and 26 wounded. Spoiled Her Beauty.

Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. Leadbeater & Sons' drug store.

Yellow Fever.

New Orleans, La., July 31.—Sermons were preached from every pulpit of the city yesterday to assist the health authorities in the fight against mosquitoes. Mississippi has refused to accept certificates of health from the United States public health and marine hospital services detention camps. It is, however, hoped that this refusal is the result of some misunderstanding, although Mississippi seems to have a clear case of the horrors. The work of oiling cisterns was continued yesterday without interruption and many business men were thus engaged. The Italian colony which was engaged in unloading the banana steamers from Central America, are now out of work and are suffering, as the banana ships all go to Mobile. The quarantine regulations are less strict than at New Orleans, and hence the diversion of the fruit trade from this city. There were 27 new cases reported yesterday and four more deaths. There was a total of 283 cases reported up to 6 o'clock last evening and 57 deaths. There were than 41 foci of infection.

Twelve new cases of yellow fever were reported up to noon today. There have been no deaths. Mississippi still refuses to allow any person to come into that State from this city either with or without a health certificate.

Emperor William in Copenhagen.

Copenhagen, July 31—The preparations made for the reception of Kaiser William who arrived here this afternoon were far from elaborate. During his stay here the Kaiser will be received only in semi-official state. In court circles the view is taken that the visit of the Kaiser is merely a courtesy call upon King Christian, and an effort has been made to impress this idea upon the people generally. The attempt has not met with much success, however, as the opinion is held generally that there is some political motive behind the visit of the German ruler. In political circles the view is held that the Kaiser will make an attempt to convince King Christian that the Baltic Sea should be closed to the war ships of all nations except those which border on the sea. If the Emperor succeeds in doing this it will cause the greatest surprises for the Danes are rapidly developing the suspicion that the Kaiser's designs upon the Baltic are for the purpose of converting that sea into a German lake.

Attacked By Elephant.

New York, July 31.—John Gleason, a keeper at the menagerie in the New York Zoological Park, narrowly escaped death yesterday under the knees of a vicious baby African elephant. The elephant arrived from French Congo, Africa, last Friday. It is two years old, is forty-three inches high and weighs 700 pounds. There is only one other of the family—the short eared—in captivity. That one is in Berlin. It has a long tail and small feet among its peculiarities, and is extremely vicious. Gleason took the baby out for a bath and an oil down yesterday. It turned upon him and knocked him down. Before it could trample on him help arrived. The baby is kept in the antelope house, and has so annoyed its fellows that it has been hedged in by a screen.

His Fine Flats for Negroes Only.

Columbus, O., July 31.—Col. Cyrus Sears, a wealthy resident of Harpster, O. has announced his intention of renting two fine flat buildings here exclusively to colored people.

"I suppose the white people living in the neighborhood will object," said Colonel Sears today, "but if they don't like it they can move away. I believe the negro does not have a fair chance. I was colonel of the Forty-ninth colored volunteer infantry in the civil war and have been in some pretty tight places with the black men and they never failed me. I am going to make the experiment, anyhow, of giving them decent houses to live in."

Preparing for Peace Conference.

The Turf.

Saratoga, N. Y., July 31.—The Saratoga Association for the improvement of the breed of horses at 2:15 o'clock this afternoon inaugurated its annual meeting for 1905, which promises to be one of the most successful in the history of the Union Avenue running park. The meeting will consist of 22 racing days during which the thousand and more thoroughbred race horses now centered here from all sections of the country will dispute the honors of the turf. The opening day was slightly marred by a heavy track, the result of Saturday night and early Sunday's soaking precipitation and this morning's slight showers. Previous to these rainfalls the track was in most excellent form and the turfmen freely predicted record breaking time. The day's card included six races. The principal events were the Ballston steeplechase of $2,000 for four-year-olds and upward, over the short course; the Flash, of $6,000 for two years old, 5½ furlongs, and the Saratoga handicap of $10,000 for 3 years old and upward, at one mile and a quarter. Two selling races for 3 years old and upward at six furlongs and at one mile, respectively, and a five and a half furlong dash for maidens, 2 year olds, made up the balance of the programme.

Committee Meeting.

A joint meeting of the city and democratic committees was called for last Satday night at the Hotel Fleischmann. Chairman Charles Bendheim and Messrs. R. T. Cook, George L. Simpson and Oscar Carter, of the city committee, were present, together with one proxy, and Messrs. Curtis Graham and W. N. Febrey, of the county. A quorum not being present, it was determined to hold a meeting next Thursday night.

The only business transacted was the adoption of a resolution presented by Mr. G. L. Simpson, providing that all candidates for the Legislature be required to present their names to the committee on or before noon Tuesday, August 15.

All present expressed the belief that the primary should be held on August 22, in conjunction with the State primary, in order to avoid the trouble and expense of two separate primaries.

After the city committee went into session Mr. Carter made a motion to that effect, but objection was raised on the ground that all the candidates should be consulted, and it was not seconded.

According to the arrangement reached by the committeemen, all the known aspirants for the nomination will be invited to meet with the joint committee next Thursday night.

The total cost of the primary, it was estimated, would be $150, and it was proposed that this amount should be evenly divided between the candidates.

City Chairman Bendheim read for the information of those present several excerpts from the democratic primary plan. One provision reduces the number of judges and clerks in each voting precinct from five to three judges, one of whom shall act as the clerk. He also stated that under the plan mentioned each candidate will have the right to have one friend in each voting place from the opening of the polls until after the ballots are counted.

Mr. Bendheim then read letters from State Chairman Ellyson urging the committee to secure the services of judges without compensation, and stating that the State committee could only appropriate $4 for rent and pay of judges in each precinct. Mr. Bendheim said that he had written Mr. Ellyson that it would not be possible to conduct the primary in this district at such small expense.

Supposed Suicide.

Mr. William Atwell died at the home of his brother, Mr. Edward G. Atwell, in this city, about half-past ten o'clock yesterday morning from the effects of laudanum which he swallowed Saturday night, presumably with suicidal intent. The deceased was a son of the late Ewell C. Atwell, and he was about 38 years old. He had been married twice, but had been separated from his wives. The supposed suicide attracted the attention of the inmates of the house early yesterday morning when his respirations seemed unnatural, and Officer Beach was called in. He found a bottle labeled laudanum. Dr. Moore was subsequently summoned, but he labored in vain to resuscitate Atwell. The deceased had recently been employed as a laborer by Reite, Curtis & Hill, the contractors for the construction of the railway freight yards adjacent to this city. Some years ago Atwell was seriously injured about the head by a fall from a building on which he was working, which resulted in the loss of one eye, and other permanent defects.

Police Court.

[Justice Julius Pelton presiding.]

The following cases were disposed of this morning:

Hugh Wiley, arrested by Officers Patterson and Beach charged with drunkenness and assault, was fined $20.

George Pinkney, colored, charged with assault, was fined $10. Frederick Boggan, colored, charged with disorderly conduct, was fined $2.50. The accused were arrested by Lieutenant Smith and Officers Lyles, Allen, Knight and Ferguson.

Hattie Thomas and Robert Lee, both colored, arrested by Officer Allen charged with fighting, were fined $2.50 each.

A white man, arrested by Officer Gill charged with assault, forfeited $5 by failing to appear.

William Talford, colored, charged with stealing a graphophone from Julia Whitfield, was fined $20.

Scow Sunk.

A scow laden with several thousand bricks, for use, it is stated, in the construction of the buildings at the new District of Columbia almshouse, on the river near Shepherd's wharf, opposite this city, was, a day or two ago, taken from Washington and anchored on the edge of the flats waiting a high tide to be taken into the shore near the almshouse. When the tide fell one end of the scow rested on the flats bank and the other end in deep water, which gave her a list, and she filled with water and sank. There is danger that the vessel will slide off the bats into the deeper water of the channel and both scow and bricks be lost. The bricks will have to be lightered from the sunken scow before she can be floated.

Seriously Injured.

Mr. William Moon, an employee of the Southern Railway Company, who was injured a day or two ago and taken in the Alexandria Hospital, is said to be to a serious condition. The unfortunate man was one of the crew which operates trains on Union street, and in stepping from one car to another he fell, his back colliding with the end of a gondola, which, it is said, caused a rupture of the kidneys. He is being attended by the company's physician.

The New Ferry.

Messrs. Dean & Son, boat builders of this city, are constructing a large box float for use at the Alexandria terminal of the new Norfolk and Washington Steamboat Company's ferry. The float will be completed and launched, it is stated, in about ten days or two weeks. Good progress is being made on the rebuilding of the terminal at the foot of King street.

Disorderly Proceedings.

On Saturday evening a man named Hugh Wiley, who was under the influence of liquor in the southern portion of the city, drew a knife and ordered a man to leave the premises of a resident of the neighborhood where he was transacting business. Officers Patterson and Beach appeared and took Wiley in custody. He was fined $20 in the Police Court this morning.

On Saturday night a general row took place in a house occupied by colored people in Park Row, situated in the square bounded by Cameron, Queen, Fayette and Payne streets. It was said that a lighted lamp was thrown during the melee and a pistol discharged. Lieutenant Smith and Officers Lyles, Allen, Knight and Ferguson proceeded to the house and arrested two men, one of whom was fined $10 and the other $2.50 in the Police Court this morning.

Officer Allen yesterday afternoon arrested Hattie Williams charged with fighting, and this morning Officer Ferguson took Robert Lee, colored, in custody for being a party to the affray. The row occurred on north Royal street. They were fined $2.50 each in the Police Court this morning.

Skull Fractured.

On Saturday afternoon Policemen Beach and Patterson who had been told that a fight had occurred in the market court, proceeded to make investigation and found George Lucas bleeding profusely from a cut on the head. Dr. Klipstein was summoned, and when he had examined the man's injury he sent him to the Alexandria Hospital. Yesterday morning Officers Knight and Ferguson arrested a negro named Will Holland, who is alleged to have struck Lucas over the head with a meat saw. It is and believed that Lucas' skull is fractured that his injuries may prove serious. He was unable to appear in the Police Court this morning and the trial of Holland was postponed. The negro has made a counter charge of assault against Lucas.

The New Bank Building.

The new building for the Citizens' National Bank, on the northeast corner of King and St. Asaph streets, is nearing completion. In fact the exterior is about completed, but there is considerable interior work to be executed yet. When the building shall have been finished a granolithic sidewalk is to be constructed in front of the bank on King street and on St. Asaph street as far north as the alley running through the centre of the square. The new bank is an imposing structure. The name appears on the front and on one wing is the coat of arms of the United States and on the other that of the State of Virginia.

Robbing Residences.

As is generally the case during the summer season, when many people leave the city for a few weeks, residences are being entered by thieves and vandals. Mr. C. C. Carlin's home on north Washington street was invaded Saturday morning and considerable damage done to the interior and to the shrubby in the yard. The only thing missing is a sewer cap. Officer Arrington later arrested a colored boy named John Stewart on suspicion of entering the house. He will be given a hearing some time during the day.

Officers Elected.

At a meeting held today in this city the Painton Electrical Steamship and Construction Company elected the following officers and directors for the ensuing term: Officers: Richard B. Painton, president, general manager and treasurer; Col. W. R. Andrews, vice-president; Samuel H Randall, secretary. Directors: Andrew MacNaughton, Hiram Wintern, Randall H. Foote, John H. Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five minutes I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy it for sale by Gibson and Timberman and W. F. Creighton & Co.

MONDAY EVENING, JULY 31, 1905.

Rejected England's Offer.

By an overwhelming majority the Zionist Congress in session at Basle, Switzerland, yesterday afternoon decided not to accept the offer of Great Britain for a tract of land in East Africa for the formation of a Zionist colony.

A special sitting of the congress was called for 9 o'clock Saturday evening for the discussion of this subject, four orators supporting and four opposing Great Britain's proposition. The debate lasted for more than six hours and President Nordau eventually suspended the sitting at dawn, owing to the tumultuous scenes.

The sitting was resumed yesterday when the committee having the matter in hand presented the following resolution:

"That the Zionist Congress firmly maintains the principle for the foundation of the colony in the Jewish Fatherland, Palestine, or in that vicinity. The congress thanks Great Britain for her offer of African territory, the consideration of which, however, is terminated, and hopes that Great Britain will continue to aid in the solution of the Jewish question."

The resolution was adopted by a large majority amid loud protests from the socialist section, the members of which left the building. The sitting was concluded with enthusiastic cheering.

A second session of the congress was held last night, calm prevailing throughout. President Nordau requested Mr. Greenberg to convey the thanks of the Zionists to the British government for its East African offer.

Depew Subscribed.

Senator Chauncey M. Depew had a motive for subscribing $1,500 for "Fads and Fancies" other than the mere desire to acquire a superior work. It was learned yesterday that the solicitor for the Town Topics publication approached him a few weeks before he married the young and beautiful Miss Palmer, and that the Senator subscribed because "he wished the paper to treat him right at that time."

This information came yesterday from a man in a position to know. Mr. Depew denies, however, that there was coercion of any kind used on him or any promises made. He refused yesterday to discuss the "Fads and Fancies" subscription. All he had to say about it, he declared, was said when he landed from the St. Paul Saturday night, and he is ready to let the matter drop.

The Senator has nothing to add, either, to his remarks on Equitable affairs. Everything that he may have to say on this subject will be reserved until he has had an opportunity to make a personal investigation. Then a full statement will be issued by him. He intends to go over all the records in the Depew Improvement Company in the transaction with the Equitable Society and to made every detail of the $250,000 loan affair public.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars For sale by Gibson & Timberman and W. F. Creighton & Co.

A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Cold which cured her, and to-day she is well and strong.' It kills the germs of all diseases. One dose relieves. Guranteed at 50c and $1.00 by E. S. Leadbeater & Sons, druggist. Try them today.

The pills that act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Billousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley, N. D., says: "Two bottles of these Famous Little Pills cured me of chronic constipation.' Good for either children or adults. Sold by W. F. Creighton, 401 King street, and corner of Queen and Patrick streets.

MEETINGS.

A CALLED MEETING of the stockholders of the COLONIAL LOAN AND DEPOSIT ASSOCIATION will be held at the offices of said association, No. 128 soth Fairfax street, Alexandria, Virginia, on MONDAY, August 7, 1905, at 2 o'clock, p. m., for the purpose of considering certain resolutions of the Board of Directors of said association, adopted on the 17th day of June, 1905, in Havana, Cuba, which resolutions are as follows:

First. This company being now essentially a Cuban institution, with all its financial interests in Cuba, be it resolved that steps be taken to abolish the present legal necessity of holding the stockholders' meetings in Virginia, United States of America.

Second. In order to accomplish the object of the first resolution, and also to make some changes deemed necessary and expedient, be it resolved th t it is deemed advisable that the Directors of the Colonial Loan and Deposit Association be authorized and empowered to transfer, by sale, consolidation or otherwise, to another company which is or may be established under the laws of Cuba by the directors of the Colonial Loan and Deposit Association, or by others, or by both, all the assets and liabilities of the old company other than the rights of or against its stockholders derived from the subscription to or possession of stock, said Cuban company to be formed on the basis deemed most expedient for securing more capital for loans and investments, and with the general powers of a trust company.

Third. Be it further resolved that it is deemed advisable that the stockholders of this company whose stock at the time of transfer is unencumbered and up to date in its payments, exchange their stock for paid-up and non-assessable stock of the Cuban company, receiving in stock of the said company an amount equal to the total loan fund credit of their respective certificates of stock, plus 1-6 of 1 per cent. for each month transpired since the first payment on same.

Fourth. Be it further resolved that the stockholders who now have loans may continue their monthly payments as at present, in accordance with the conditions of their respective contracts, until their loans are paid off, but that they may, if they wish, exchange their stock as the other stockholders, and recognize a straight loan in favor of the purchasing company.

Fifth. Be it further resolved that a special meeting of the stockholders of this company be held in Alexandria, Virginia, on the seventh of August, 1905, at 2 p. m., to take action on the above resolutions, and also to arrange all the details of transfer and change that may be deemed necessary and expedient.
